

**At The Mutual's 2016
On-Site Patient
Safety Seminars...**

**Information,
Shared Experiences
And Collegial
Insights Will Help
You Reduce Risk**

The Mutual continues to take site seminars to the next level by expanding our physician-educator approach! That means our Patient Safety Manager will lead the seminars in tandem with a CEP America physician at most seminars.

This peer-to-peer educational technique focuses on a collegial, collaborative exchange of information and ideas that has garnered enthusiastic support from seminar attendees.

The site seminars are free, and you will earn CME credits for participating! We will come to your site to discuss real cases and best practices; you will learn ways to increase patient safety by analyzing shared experiences.

Opportunities to improve patient safety will be demonstrated through real case studies on the following presentations—all new for 2016!

Hospitalists in the Acute Continuum of Care 2016

We will discuss and evaluate cases with clinical outcomes that include spinal cord compression, acute pneumonia and myocardial infarction.

"What They May Not Know..."

We will discuss and evaluate cases with clinical outcomes that include pulmonary embolism, sepsis, spinal cord lesion and Steven-Johnson syndrome.

Invite The Mutual to your meeting for a great discussion!

These presentations will require approximately 45-60 minutes and are scalable to your group.

If you have any questions or to lock in a date for your site, please contact Richard Bernard, Patient Safety Manager, at (925) 949-0110 (office) or (661) 476-6216 (cell), or by e-mail at bernardr@tmrrg.com.

Accreditation Statement: CEP America is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. CEP America takes responsibility for the content, quality and scientific integrity of this CME activity.

Credit Designation Statement: CEP America designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit as commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.

Financial Disclosure: All program planners and speakers have no relationships with industry to disclose relevant to this activity.
